

## INFORMATION:

We're excited to announce our next cabinet repainting workshop as part of our Paint Life Academy lineup!

We've been painting cabinets since very early in our painting career—but in the last several years we've made some changes that have made cabinets into a very profitable niche of our painting business. Our system has the ability to create a high-turnaround with a beautiful factory-like finish—making the customers happy, and making you money.

This 14 - hour workshop will go through our process for completing cabinet repaints from beginning to end. We'll cover the following:

- How to bid the job--including pricing.
- Finish schedule from start to finish.
- The products we use in our system.
- The process for prep and containment.
- Hands-on training for application with HVLP
- Troubleshooting issues with cabinet coatings.
- How to market your cabinet work.
- Using water based coatings lowering liability.

This workshop will be hosted on Thurs and Friday, June 20th and 21st from 9AM - 4PM at our Paint Life Academy location in Boise, Idaho.

The cost for tickets to this workshop is \$475. Workshop size is capped at 15 participants.

### **Cancellation policy:**

Cancellations are non-refundable. Cancellation due to emergency will be considered on a case-by-case basis.
